- Vehicle load ratings and axle weight limits are subject to government regulatory requirements and weight distribution analysis. See your local Foton Dealer to select the correct vehicle for your application.
- All weights and load calculations are subject to 3% variation (+/-).
- Maximum speed & gradability calculations are theoretical only. Actual performance may vary depending on conditions.
- The manufacturer's warranty commences from the date of first registration in New Zealand and expires when the specified time or distance limit has been reached, whichever occurs first. To maintain warranty coverage, all scheduled servicing must be carried out by an authorised Foton Service Agent for the entire duration of the warranty period, from the date of delivery to the first customer.
- Charging times are indicative only and may vary depending on ambient temperature, battery condition, charging equipment, and driving behaviour. Actual battery charging times may differ in reality.
